	Marek Pawlowitz	25	Merit	Bird-Sea and Shore Birds
	Chuck Shealy	26	Merit	Marine and Freshwater

We really outdid ourselves this year. Thanks to the highest participation since we started entering the contest(70 entries vs less than 30 average in the previous years), we scored the best ever. Special honors go to Bronwyn for her beautiful image "Elephant Seals Playing", which received a "Best in category" award, no small achievement when you check the images she was competing with. I hope we will continue this trend the next year. With a bit more diversity we should be able to score near the top of the clubs. Some other stats. We ranked 37th out of the 80 clubs participating. The highest score was 253 our score was 231.

I am impressed with the performance of the participants. I am especially pleased with the images that some of our newer members entered.

Dirk Den Boef
